

Casuarina

Architectural styling and sleek lines are a head turner when it comes to the Casuarina design.

And there is plenty of living space inside, with a resort-style indoor outdoor flow the Queensland lifestyle has never been easier. The hub of activity centres on the open-plan kitchen dining and living space which fully opens out onto an ample alfresco area. Or escape to the separate living area to enjoy some quiet time with the family.

The kids have abundant space in three double bedrooms while the master bedroom is a quiet sanctuary for the parents with a garden outlook, walkin wardrobes and ensuite with double vanities. This functional design is easily adapted any block size or aspect with optional add-on garage.
