The Home Design

Thoughtfully designed to bring together space, comfort and everyday functionality, this impressive four-bedroom home offers everything a modern family needs. From its generous open-plan heart to the private master retreat and effortless outdoor connection, every part of the floorplan has been considered.

The centrepiece of the home is the expansive open-plan kitchen, dining and living area, the living space provides plenty of flexibility for family life, whether it's relaxed evenings at home, entertaining a crowd or simply giving everyone room to spread out.

Overlooking the main living zone, a large island bench creates a natural gathering point for casual meals, morning coffees and conversations, while generous bench space and a dedicated pantry provide the storage and functionality busy households appreciate. ‘

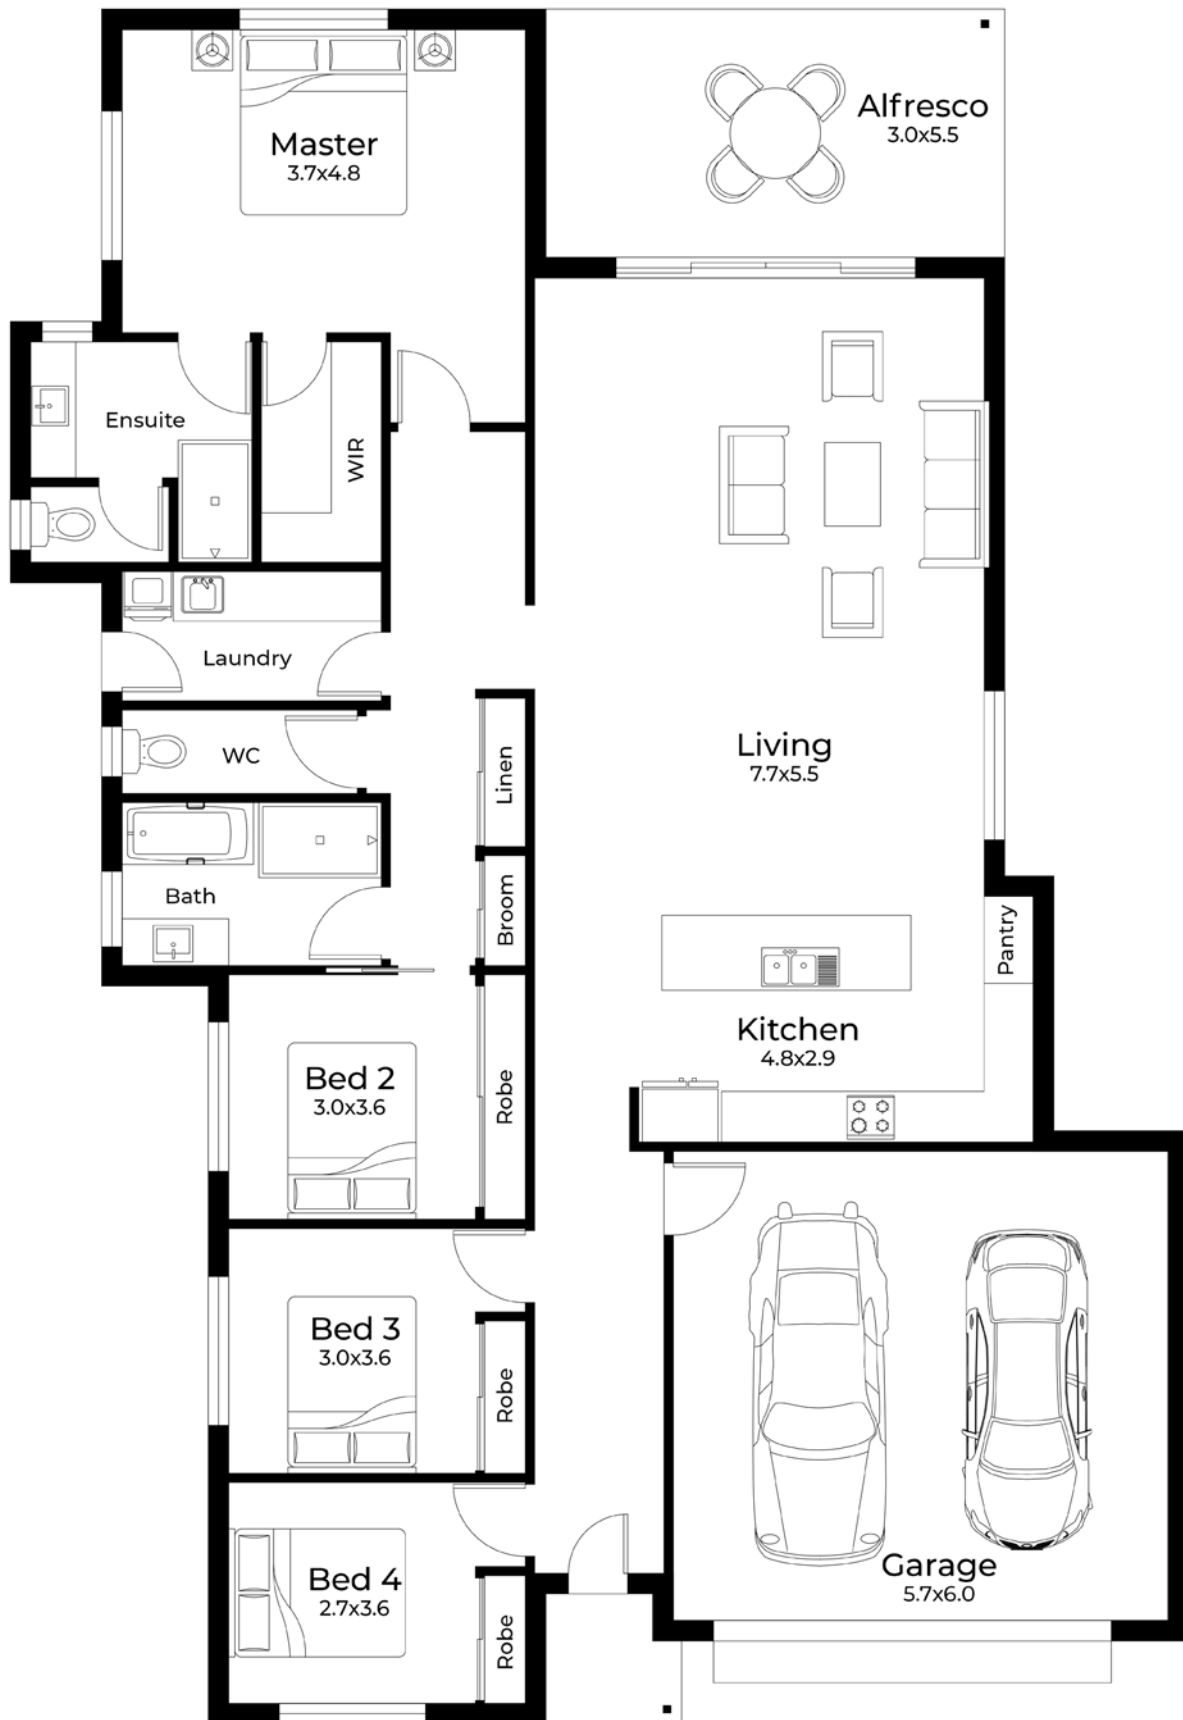

Extending directly from the living area is the covered alfresco, creating an easy transition between indoor and outdoor living. With space for an outdoor dining setting, it's ideal for weekend barbecues, long lunches with friends or simply enjoying a quiet meal outside. Together, the kitchen, living and alfresco areas create one generous entertaining zone designed to be enjoyed throughout the year.

The master bedroom is privately positioned at the opposite end of the home from the secondary bedrooms, giving homeowners a peaceful retreat at the end of the day. Generous proportions are complemented by a walk-in robe and private ensuite, creating a comfortable and well-appointed parents' zone.

Three additional bedrooms provide plenty of space for children, guests or even a home office, with built-in robes adding valuable storage. These bedrooms are grouped around the family bathroom and separate WC, creating a practical arrangement that works particularly well for busy family mornings.

Functionality continues behind the scenes with a dedicated laundry, linen cupboard, broom storage and additional storage incorporated throughout the home. The double garage provides secure parking for two vehicles and convenient access into the home, making everything from unloading the groceries to arriving home with the kids that little bit easier.

With four bedrooms, two bathrooms, an expansive open-plan living zone, generous kitchen, covered alfresco, excellent storage and a double garage, this is a home designed to make the most of every square metre. Spacious where it matters, practical where it counts and created with relaxed family living in mind, it's a floorplan that feels equally suited to busy everyday life and memorable occasions with family and friends.

DWELLING - 209.4m²
PATIO - 16.7m²
PORCH - 2.42m²
TOTAL AREA - 228.5m²

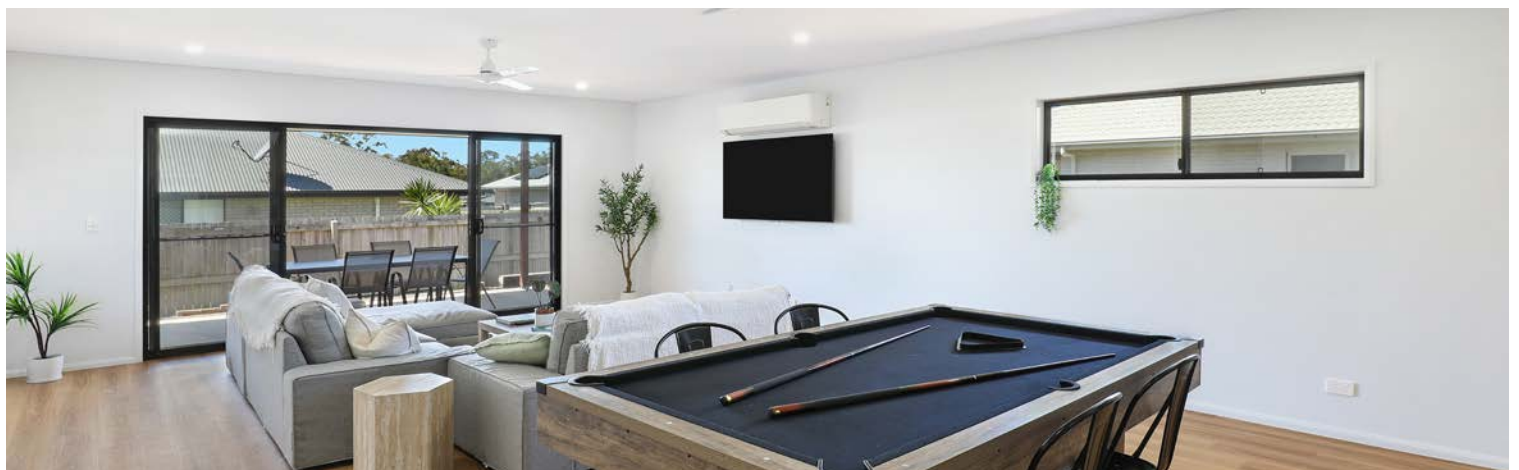

“

At Tapscott Homes, we believe building a custom home should be exciting, not complicated. That's why we work closely with every client to create a design that genuinely suits the way they want to live, then load it with the premium inclusions that make it feel complete from day one. With a turnkey price, fixed-price contract and guaranteed build time, our clients know exactly what they're getting, what they're paying and when they can expect to move in. It's all backed by our Tapscott Total Satisfaction Guarantee, because for us, delivering a great home is about giving our clients confidence in the entire building experience.
