

Sanctuary

With its long clean lines and elegant styling, the Sanctuary is ideal for larger rural blocks.

There is room to move in this generously proportioned house, with three double bedrooms flowing off the open-plan kitchen, dining and family areas. The master bedroom situated away from the family areas opens out to the outdoor area for a lazy afternoon reading a book or taking in the view.

The open plan kitchen dining room and lounge open out to the alfresco area to create a spacious entertaining area, perfect for the Queensland lifestyle while a separate theatre room is great for the kids or for quiet family time.

The double garage and generous storage spaces and laundry give you all the room you need to store the trappings of busy family life.
